Result correction - Final - Men's 0.8 km Sprint Final, Sitting

Summary:

Result correction - Final - Men's 0.8 km Sprint Final, Sitting. Only time behind correction; no rank correction

Details:

Due to a malfunction of the photo finish camera and the timing system OMEGA needed to take the times from the time stripe. Due to one fail impulse on the time stripe, OMEGA used the wrong times. Today OMEGA was able to fully restore the correct time from the time stripe. Further OMEGA compared this time with the OMEGA internal video feed. All times are now correct.

Please note that only time behind changed, **and not the ranking!**

Official Training CC Relay All Classes M/W

- TD: Today's race showed us that the courses need to be widened. Tomorrow we are going to monitor the course in terms of technique control.
- Assistant TD: There is one rule that has to be cleared: wherever corridor is marked the old rule says you are not allowed to change it. As long as you don't abstract you are allowed to change the corridor. This also refers to guides. But when the guide changes the corridor and then moves in front of another athlete coming from behind this is the situation we do not allow.

- Course preparation and grooming:
 - Grooming will be finished at **04:00**

ITA: asked the OC to make the start area bigger.

NOR: asked for the Shooting Range to be open the next day. There also an exchange zone that should be set up, there are also maps for relay that should be presented to teams.
